howdy! Well, I think about how we've been through this Between geometry & Computer Programming & Biology — I'm enough to drive you crazy. Just think we're going computer crazy!!! Anyhow, I'm so very glad that I'm not the only one who went crazy with the computers. Thanks for all your help during those labb days. Good Luck to you always & Have a great Summer!!!

Take care!

See Ya,

Marilyn

Lisa,

Wow freaky, signing in the middle of a page. Well, it's been a good year, next year should be wonderful. I'm glad we've been together at lunch & chem this year. Although we weren't together in classes, well I'll see you over the Summer maybe next year we'll be in more classes

Take care & good luck

Love

Denise

P.S Artificial Cheese!

Lisa,

I am so glad this year is almost over. This weekend the 4th, 5th and 6th should be fun. Sara is so cute!

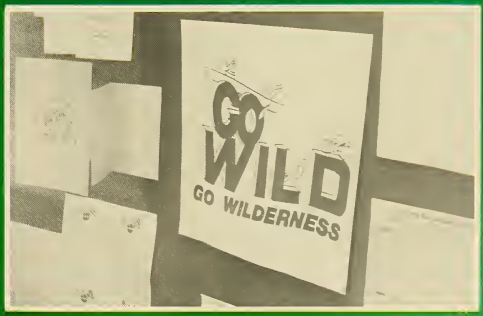
This year, quite a few changes were made at Minnechaug because of the budgets due to Proposition 2½. Arena was held in the fall because the number of teachers to be laid-off was not known until very late in the school year. This year, freshmen also had arena, which proved to be a mixed blessing. The scheduling didn't have to be done by the Guidance Department, but a few freshmen were ready to quit high school then and there. Many were lost and confused - "What's a block?", "Schedule cards?. Five!!"

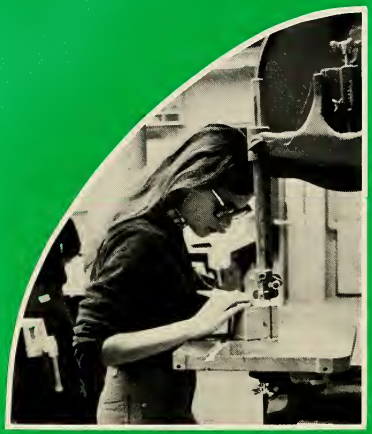
Late buses were totally cut from the budget. The sports' fees climbed greatly. This year it costs much more to participate in a sport than during any other year at Minnechaug.

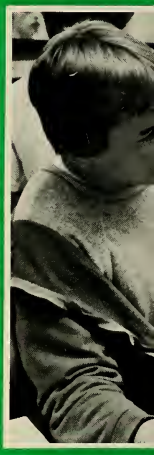
Milk reached an all-time high of 20¢. A hot lunch this year costs 70¢, resulting in more students "brown-bagging it." Costs have also rose in parking permits and driver-ed, which is no longer a requirement for graduation.

Our school went through many changes this year, but we managed to live through them and we will continue to do so.

"Remember, do you remember, the times of your life."







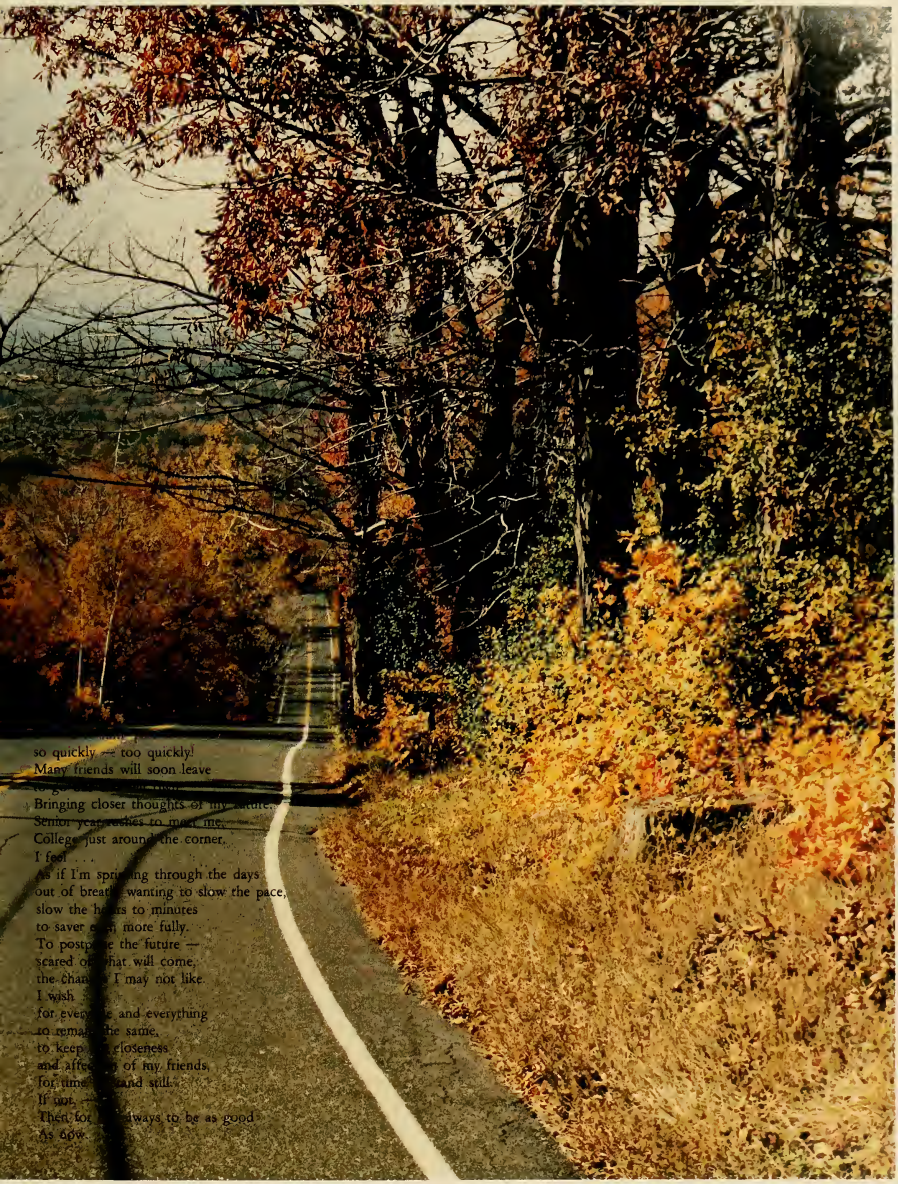
Dusk. Now another door is closing on another day. The firey sun is sinking quickly in the west and the clouds are red and yellow, beautifully colored, but slowly turning gray and dull once more. The sky slowly becomes black and the world is asleep. Most of the world, that is.

Some Minnechaug students are busy until after midnight, studying for an Advanced Biology test, writing a history paper due the next day, or writing all of their yearbook copy before tomorrow's deadline. The student is huddled over his desk, furiously scribbling, not caring what he is scribbling by this tine. There is quite a bit of yawning, eye rubbing, looking at the clock.

Many students give up and regret it the next day when the teacher announces, "O.K., now we're going to have a quiz on last night's work." Others don't do their homework! Eventually all fall asleep and dream of a land where homework is against the law and school consists of watching movies and having parties.

Amanda Nelligan

"I get by with a little help from my friends."

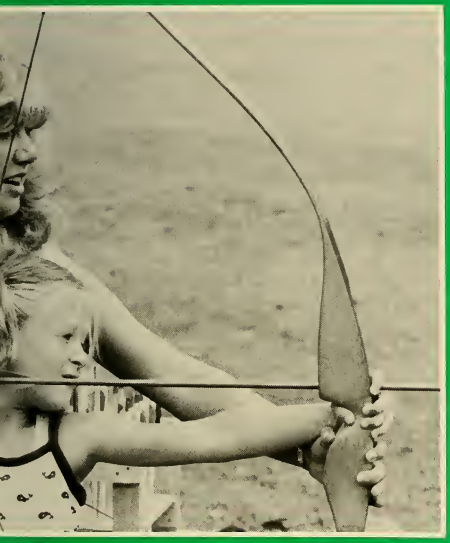


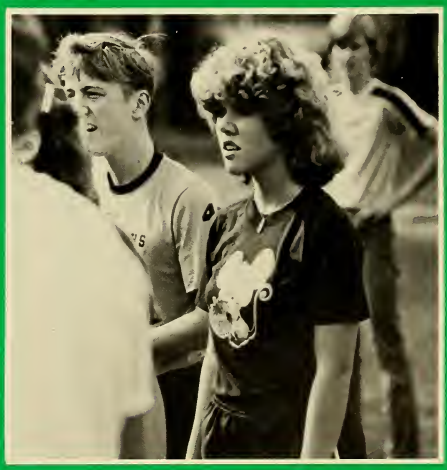
so quickly — too quickly!
Many friends will soon leave
Bringing closer thoughts of my future.
Senior year rushes to meet me.
College just around the corner.
I feel . . .
as if I'm sprinting through the days
out of breath wanting to slow the pace,
slow the hours to minutes
to savor each more fully.
To postpone the future —
scared of what will come,
the changes I may not like.
I wish . . .
for everyone and everything
to remain the same,
to keep the closeness
and affection of my friends,
for time to stand still.
If not, . . .
Then for always to be as good
As now.

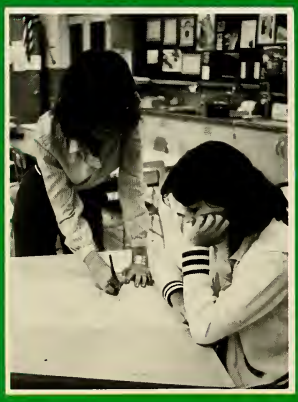
Farewell to Summer

Another summer has come and gone. Students have matured and with their growth, shared many new experiences. During the summer, new friendships were made and the old ones strengthened.

Summer break gave students a chance to analyze the direction in which their futures were headed, while they still enjoyed life with spare time. Just as summer passes, so does high school. We should combine memories of the past and hopes of the future with the present. Remember, we live in reality, not in the idealization of remembrances.

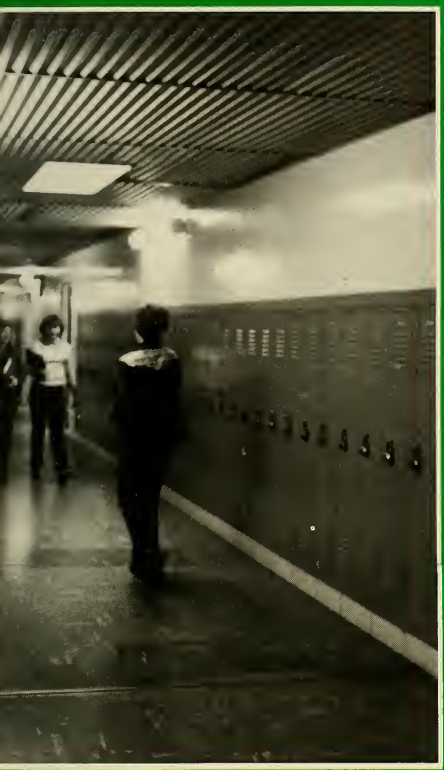




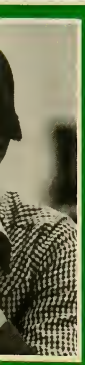


"Contact can be so easy and yet communication can be impossible, or close to it. It is one thing to deep in contact, but to keep in communication is what's important. One needn't speak nor write to communicate, one need only to understand."

-John E. Massidda



"Do you know where you're going to"
Do you like the things that life is
showing you
Where are you going to,
Do you Know?"



Dawn. The door opens on another day, another revolution of our vast, changing world. The reds and pinks spill carelessly over the horizon, licking color into the dull mountains and trees. Soon, a brilliant sphere is visible, peering over the moutain tops. Birds sing, insects chirp, and the stillness is broken.

While this amazing display of natural wonder occurs, thousands of students are waking to begin a new day in Hampden and Wilbraham. Alarms are sleepily turned off and students try to become human again at 6:30 in the morning. Not an easy task!

Once in school, many people wake up easily. For others, A-Block is forty-four more minutes to sleep. By B-Block almost all students are wide awade and ready to spend another exciting day at Chaug.

What does the future hold for you?
I have no answer, but I hope you do.

Think of yourself as a piece of clay,
that you, yourself, can mold in any way.

In your hands lies what's yet to come.
Please be careful, walk don't run.

You could do nothing with that clay,
but only an idiot would throw it away;
bit by bit until no clay remains
then life won't seem like fun and games.
Right now you can fiddle with that clay,
but eventually that clay will rot away.

Or, you could give your clay, your future, to another
and let them make your decisions like a mother.
Don't let them mold you into what they see.
You'd become a creation of what they want you to be.
You'd forever feel obligated to them,
for they made you what they believe is a gem.
You would belong to them until the end of time.
This is no joke, it is no rhyme.

The best choice is to use your mind,
your imagination, and your devoted time.
Working slowly with that clay
you'd be forming a sculpture beautiful in every way.
Molding exactly what you want to be,
it would be worth the drudgery.
Of course you'd be making mistakes along the way,
but at least they're yours, nobody elses, you can say.
Mold that clay into something that people will admire,
for then, you'd never be a victim of satire.
You'd be someone that people will respect, honor, and love.
That clay could be something that you could be proud of.

What does the future hold in store?
I pray to God you choose the right door.

CLASS OFFICERS

Tim Ross, President

From the kick-off dance to the day of graduation, the senior class officers worked as a team. You may know a few of them individually as the captain of the boy's ski team, or the senior awarded "Nicest Smile", but as a group they represent the Class of 1982.

The four officers, Tim Ross (President), John Metzger (Vice-President), Pam Getchell (Secretary), and George Quirk (Treasurer), along with advisor Mr. Mina, began planning long before the year started. Although the never-ending quest for senior privileges seemed a fiasco at times, it was only a part of the plans made and accomplished for the class.

The talents of all four officers were pushed to the limits as they became experts on turkeys in November, cap measurements in December, and graduation speeches in January.

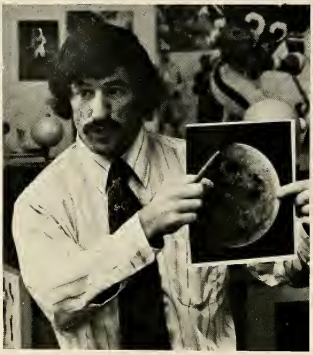
The officers hope to have provided the best possible memories for the class of '82. In the years to come visions of Tim Ross dressed as "Diaperman" for Halloween, and Pam Getchell straining to measure graduation cap sizes while standing on a chair will be mixed with the bittersweet memories of the last dance at the prom and that moment at graduation when you realize that your childhood is over and the world awaits.

John Metzger, Vice-President

Pam Getchell, Secretary

George Quirk, Treasurer

THANK YOU MR. MINA



When you became the Class of '82's Advisor in our Sophomore year we had a grand total of $150 in our class treasury. This late start obviously didn't bother you, as your total dedication enabled our class to eventually achieve the highest treasury total in Minnechaugs' history.

Although you had a full schedule with coaching and classes, you always managed to lend an ear to suggestions. Instead of making private decisions, you presented your ideas and the essential information which allowed the officers to decide the course of the class. Your tireless pursuit of Senior Privilege proved to us how much the Class of '82 really meant to you.

Mr. Mina, you made our class a trend setter by agreeing with us to eliminate the Junior-Senior Work Weekend, calendar drive, and banquet and by reinstating the Senior Breakfast. The Class of '82 thanks you and will always remember you more as a friend than an advisor.

With love,

The Class of '82

CLASS HISTORY

1978-1979: We arrived in 1978, and the year of '82 seemed so far away. Intimidated or not by the notorious "Alcohol, Pot, and Drugs" scandal in the Springfield Newspaper the year before, we charged into the new world of Minnechaug life. At first confused by rotating blocks and maze-like hallways, we eventually began to discover the difference between the letter "M", for the hall, and "A", for the block. Finally, after watching "The Gate" at the Tinkam entrance be demolished and rebuilt, only to be demolished again, and noting how the newly erected speed bumps cut the number of tickets issued to speeding school busses drastically, we settled into "normal" freshman life. Each of us soon found how much Minnechaug had to offer. We experienced our first pep-rally, sitting dumbly in the bleachers as the cheerleaders tried to teach us the Battle of the Classes Cheer; started attending home football games on Saturdays, making the top center bleachers the home of the all-exclusive freshmen rowdie section; and reluctantly took the plunge, literally into freshman pool. The spring brought our first class fundraiser, the car wash, which although not very profitable, brought us together as a class and showed our spirit. As the year came to a close we lost our Class Advisor, Miss Winetrout, and stumbled through Arena for the first time.

1979-1980: We started sophomore year with the comforting realization that we were no longer the lowest form of life at Minnechaug and the stabilizing force of our new and enthusiastic Advisor, Mr. Mina. Right away we were given the opportunity to prove how tough we really were in more interesting gym courses like Project Adventure and Basic Lifesaving. The latter eventually taught us water rescue if we would keep from being drowned by our unexperienced friend and partner during the course of each class. The former emphasized both teamwork and individual motivation in activities like scaling a 15 foot wall, and crossing a log suspended 25 feet in the air. Then, there was the big fundraiser, the Candy Sale. We were instantly transformed into miniature salespersons who wouldn't take "No" for an answer. Our persistant sales pitches paid off, as our candy sale became the most lucrative class fundraiser in Minnechaug's history. We were a much more vocal group at the Pep Rally this year (some even thought we out-yelled the Seniors!), and as the year wound down, we received our rings. With this, came the tradition of turning the ring 82 times for luck. Was it just a coincidence that turn number 82 (the one with an accompanying kiss) came up with who we thought was the best looking guy or girl?

1980-1981: As Junior year arrived, we had climbed the ladder to become official upperclassmen. With our new position in the school, we discovered some of the least popular aspects of high school life — PSAT's, SAT's, and ACH's. Standardized College Board tests, whichever you took, there was always that same cold feeling in the pit of your stomach. Another horror of Junior year was "Disco." On the positive side, most of us gained our long awaited driver's licenses, and with them, a new unequaled freedom. There were also more great football games and our teams push all the way to the Super Bowl at UMASS where they lost a close one to Westfield. The Punk Rock dance was a first. Once again, our spirit and salesmanship proved outstanding as our magazine drive became another record breaker. Finally, the many changes instituted, including a new bell schedule, shorter days, the 4:00 late bus, and final elimination of snack break, all foreshadowed the possiblity of even greater changes on the horizon as Proposition 2 ½ was passed by the voters. The year ended with uncertainty about the jobs of many teachers and the future of many programs, but the spirit of the Class of '82 was undiminished and we worked, relaxed, and partied the summer away in preparation for the Big Year.

1981-1982: Senior year started, surprisingly, with a newly positioned Arena. Other factors of Minnechaug life stayed the same, like a student parking lot littered with trash and broken glass. There were traditional fall activities like the Kickoff Dance, which although not well attended, was a great time for all who did go. Every one danced the night away, and the Senior girls did their best impression of a Las Vegas chorus line while the Black Apple Band played "New York, New York". The Turkey Raffle, the endless fight for Senior Privilege, new exorbidant prices for the same old lunches, and our class love for dressing-up will all be remembered. From Halloween to the Outrageous Garb Dance to Hat Day, many ingenious costumes evolved. The rest of senior year was a whirl of working, studying, partying, and college applications. As the year progressed and our high school career waned, we enjoyed the 50's Day Dance, distribution of class mugs, Senior Breakfast, and the "Big Two", the Prom and Graduation. These memories of our trend-setting class would mark the end of one phase in our lives, and our passage through one of the many important doors of life into yet another.

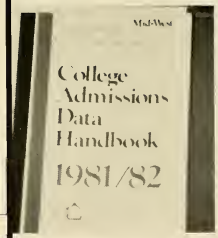
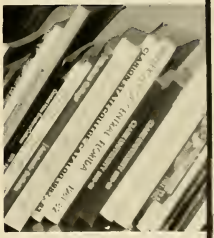
COLLEGE





Where can you brag about your scholastic achievements, expound upon your extracurricular activities, and creatively express your philosophy of life? No where but on a college application.

Applications are the mainstay of most seniors' last year at Minnechaug. Sent away for in September, the little booklets collect dust on the desks of seniors for several months. This is known as procrastination.

As deadlines approach (often December 31), potential college candidates scramble to get their applications out. The first part is easy. It usually consists only of one word fill-ins. These, however, are followed by the essays, which can prove to be insurmountable obstacles. "What is your definition of success, and how do you hope to attain it in your lifetime?" "Coment upon an experience which has belped you to discern a value wbcih you hold." Tbse are two of my favorites. If I could answer these questions, I wouldn't have to go to college!

If and when you discern your values and establish your life time goals, you are ready to start the writing process. Each essay must be written written and rewritten over and over again. College acceptance often binges on them.

Sleepless nights spent over the typewriter finishing applications are followed by sleepless nights while seniors pace the floor, waiting for notification letters. With any luck, come April 15 every aplicant will bave received at least one acceptance. And then all tbat hard work will bave paid off.

CARS

When most Minnechaug students receive their driver's licences as juniors, driving a car is really just a novelty. However, by the time we are seniors, many of us have our own cars, and driving plays a very important part in senior life.

The majority of cars in the student parking lot are those of seniors who have paid the $5 to park on that glass-littered expanse. This is the first step towards the freedom a car allows you because it enables you to catch some extra sleep without worrying about the school bus, leave school early on permanent dismissal, or even take a break from the cafeteria fare by skipping out to lunch (as long as you don't get caught).

Also, a car provides transportation to work, to any weekend activities around town, or anywhere else you might want to go with friends (shopping, skiing, the beach). The only drawback to this new mobility is the cost. Seniors spend much time budgeting their money so they can stretch their paycheck to cover gas, repairs, etc. Despite the expense, you won't find a senior willing to trade the freedom a car allows for the dollars that are put into it.

PARTIES

Senior year was a time when most of us felt we had earned our right to live it up. Anytime, anyplace, and anywhere, it was now our turn to party. It was on these occasions that the class felt closest, creating memories that would last a lifetime.

The essential elements to most parties were, first of all, an occasion—Halloween, Christmas, New Year's Eve, a vacation, a day off, a half day, a skip day, or eventually, graduation.

Second, a place devoid of parents was needed, such as a house, a road, the woods, or Lake Mark (when it got warm). At this location, a selection of loud music to suit your particular taste, blared over a home or car stereo, was required.

The final element, of course, was all the partying materials you desired. This meant different things to different people. But, no one will ever forget those "_____ runs," or the taste of cold _____ after it's been sitting in your trunk for an hour in the middle of January. Yes, for each class that Minnechaug graduates, there are some things that will never change.

WORKING

Various extracurricular activities can occupy a student's spare time. They extend from basketball to chess team, from Model Congress to International Club, and from library aide to LaCrosse statistician. However, for some students this variety of activities is not enough. To compensate for this void, people turn to the outside world in search of employment.

Students work weekly for a paycheck which will be used as "fun money." These funds support the Friday night date and also pay for gas. For the most part, however, college-bound employees bank their money to later pay the high cost of tuition.

Fast food restaurants such as Friendly's, McDonald's, and Wendy's employ a large number of students. Certain grocery stores and drug stores, along with many Eastfield Mall businesses, serve as employers to many others. Seemingly, State Line Potato Chip Company and fast food restaurants require a maximum work effort. Merchandise stores and dining restaurants might demand a lesser effort. As many employees have stated before, "Money is money; it's just a heck of a lot easier working some place else!"

YUKSEL ATAY

Merhaba. No, this isn't a new strain of Russian Flu, it means hello in Turkish. This year Minnechaug students are having a wonderful opportunity to brush up on their basic Turkish skills through Yuksel Atay, AFS student from Turkey. Yuksel is living with the Clapp family in Wilbraham.

Yuksel's accomplishments this year have been outstanding. When he arrived here in late August, Yuksel's English was limited, but by Christmas he was as fluent as the rest of us. Yuksel also received the best actor award for his performance in the One Act Play Festival.

The majority of this year has been a constant exchange of Turkish and American customs with Yuksel. Many of us have picked up Turkish words, foods, customs and other things, Yuksel was introduced to peanut butter, charades, and football. We're all very lucky to have been given the opportunity to learn more about the Middle East. Thanks, Yuksel.

JAVIER FAUS

Javier Faus is one of two Spanish students attending Minnechaug this year. He comes from Barcelona, Spain, a city of about three million people located in the north eastern section of that country. Spanish Heritage, a student exchange program which brings Spanish students to the United States and sends American students to Spain is his sponsor. Javier is staying with the Purnell family of Wilbraham. His "brothers" Rob and Ron have helped him through many tough times at Minnechaug.

This is Javier's second visit to America. He spent the summer of 1980 in Wisconsin. However, after taking seven years of English, Javier felt that he was prepared to conquer American schools. He reports that our schools are easier than those of Spain.

Minnechaug's soccer team appreciated Javier's presence this season, he was the team's high scorer. Javie and the other players earned their way to the Western Mass. playoffs, in a banner year.

All in all, Javier has enjoyed the United States, but he has decided to return home and attend college in Spain, possibly studying law.

ANDERS HEDELIN

When Anders Hedelin first set foot onto the Minnechaug football team's practice field, he had never even touched an American football. Just over three months later, he would finish the season as the team's kicker tied for the leagues record field goal, with a boot of 44 yards.

That's not bad progress for a foreign exchange student who figured he'd try out for the soccer team at Minnechaug. However, football hasn't been the only learning experience for Anders, who is from Soderhamn, Sweden. Since arriving to spend the year with Dr. and Mrs. William Coons of Wilbraham, there have been many adjustments.

First, there was a new lifestyle living on a farm in Wilbraham is nothing like his small city life in Sweden. Anders finds there are many more chores to do here, but also a lot of insight into agriculture and livestock. Another major difference, is in the schools. In Sweden, his school had a college atmosphere, without scheduled study halls or passes. He admits he thought some of Minnechaug's regulations were ridiculous at first. However, in retrospect, Anders believes one learns more in the American school system and says he will return to Sweden with a good impression of everything that an American town like Wilbraham has to offer.

ADRIAN MERKOFER

What is AFS?? AFS is not a what, but a who, and one of those who's is Adrian Merdoffer, exchange student from Switzerland. Adrian is staying with the Badger family this year as part of the American Field Service Program.

In Switzerland, Adrian has to take a set program of courses, so he enjoyed being able to select his own courses here at Minnechaug. His favorites have been U.S. History Seminar with Ms. Brewer and Psychology. He has also been an active participant in the International Club and he was a stage manager for the One Act Play Festival in the fall.

Adrian was first introduced to the States in Maine where he was able to learn how to water ski. And while Mt. Tom is a long way from the Swiss Alps, Adrian did enjoy a lot of skiing this winter and it has become one of his favorite winter sports along with ice skating.

Thanksgiving and Christmas American style were two of Adrian's favorite experiences. Turkey, pumpkin pie and pumpkin bread are among his new food favorites.

All of us who have come to know Adrian this year feel fortunate to have made a good friend and to have learned many things about Switzerland. For many years to come, I'm sure we will all remember Adrian.

SOREN PLEJDRUP

Soren Plejdrup is visiting the United States on the Educational Foundation for Foreign Study Program. This organization has arranged for Soren to travel from his Denmark home to Wilbraham and spend the year with the Zawacki's. Consequently, Soren is attending Minnechaug and is a new member of the Class of '82.

Our Danish visitor reports that he loves our school and couldn't wait to return to Minnechaug during our Christmas vacation. (If only all of us had as much enthusiasm!) Besides school work, Soren has been involved with the Youth Fellowship Group of the Wilbraham United Church. Youth Fellowship has kept him occupied, but Soren has also been working on something else. His hope is to get his driver's license while he is in the United States.

So, although his enthusiasm for Minnechaug may not seem typical, the dream of possessing a driver's license for the first time, all of us know well. It is basic similarities like this that have enabled many of us not to label Soren a "foreign student" but to accept him as a fellow teenager and friend.

ROLAND STRASSBURGER

He faces automatic conscription into the army when he is eighteen. He belongs to a local sports and police club where he plays field hockey and tennis, and some of his common weekend activities include visiting pubs and discos. His home is a thriving industrial city of half a million people. Playing the piano and participating in a political party are two of his primary diversions.

Does this sound like the profile of a student attending school here at Minnechaug? Well, believe it or not, is is! His name is Roland Strassburger from Duisburg, Germany. He is staying with the Moores of Wilbraham and is a Senior at our school.

Roland has found many differences the United States and Germany. They have ranged from relatively small discoveries, like finding that he prefers the sausage back home to that of the U.S.; to major insights into American life, including the fact that our educational system allows students less freedom than the more liberal German one does. Overall, Roland has enjoyed his stay in America, but says he won't mind returning to the quieter homelife of Germany without those, "lousy T.V. commercials bothering you every fifteen minutes."

FRIENDLY'S

It can't be said that Wilbraham is a "company town," but any time a multimillion dollar restaurant chain with over 600 stores throughout the Middle Atlantic states, New England, and the Mid West, makes its headquarters in a community, it has to have some effect on local residents. The same holds true for our own Friendly Ice Cream Corporation.

Friendly's has a multi-faceted influence on life in Wilbraham and Hampden. First, it is probably the single largest employer of the parents of Minnechaug students, including both mothers and fathers at virtually every employment level. Second, Friendly's pays the weekly checks of many working Minnechaug students who waitress, wash dishes, or scoop ice cream cones for extra cash. Third, and probably most important, Friendly's is simply a very popular place to eat. Minnechaug students, whether out for a snack with friends on weekends, or with their entire family for dinner, are very familiar with the local Boston Rd., Eastfield Mall, and Sixteen Acres stores.

As many of us at Minnechaug have found out, thanks to Friendly's nationwide reputation in the restaurant industry, and a little roadside advertising (in the form of Friendly's well-known landscaped sign on the Mass. Turnpike), When someone asks you where you're from, the simple reply: "Wilbraham, the home of Friendly Ice Cream," will usually do.

"One life — a little gleam of time between two eternities."

Carlyle

We who are left, how shall we look again
Happily on the sun or feel the rain,
Without remembering how they who went
Ungrudgingly, and spent
Their all for us, loved too the sun and rain?

A bird among the rain-wet lilac sings-
But we, how shall we turn to little things,
And listen to the birds and winds and streams
Made holy by their dreams,
Nor feel the heart-break in the heart of things?

Wilfred Gibson

"As is a tale, so is life: not how long it is, but how good it is, is what matters."

Turn Forward Great Doors Wait to Be Opened

In a rush of breeze, graduation sweeps by at last
Turning our present into our past.
Drawn forward by the indifferent march of time,
I am forced to say farewell to this place and
these memories of mine.

Sometimes afraid of not being able to remember
I yearn for the bold, warm skies of last September
where I still had a year, and images formed so
clearly.
But this is folly, and will cost one dearly;
Stare too long at yesterday, and you squander today.

Cherish your memories, but worship them not
For those who live for yesterday die and quickly
rot.
Memories worth saving are with you to stay;
they won't go away-
So go forth and make tomorrow even better
than today.

IN MEMORY OF SUSAN JONES
DECEMBER 12, 1943 TO DECEMBER 13, 1981

"That's good, but I'm sure you can do better; keep on going." Susan Jones kept on going, serving as head of the English Department at Minnechaug for 10 years. While pushing her students to achieve goals higher than they imagined possible, she set standards exceeded only by those she set for herself.

Having Miss Jones as a teacher was an experience I will never forget. Sometimes I would get so angry when after I had worked on a paper for hours, she would rip it apart with her red marker. As the year went on, I, along with the rest of my class, came to respect and admire her. Her enthusiasm and love for teaching had come across to each of us.

Once or twice a month she would miss class, usually on a Friday. "I have to go into Boston," she would say. It wasn't until half-way through the year that I discovered she was going into Boston for cancer treatment.

When she was in school, she would stay after with students any day they asked her to. She was always there, eager to help us with anything. Before Christmas vacation last year, I was having a hard time with my term paper for her course in Research and Contemporary Lit. She gave me her phone number and told me to call her if I needed help. One day, frustrated and almost in tears, I called her. I had no qualms about making the call because I knew she wouldn't mind helping me. She treated me not as a student but as a friend who needed help. I will never forget that phone call.

In her time at Minnechaug, Susan Jones had a great impact on the school, the English Department, and her students. We will remember her as a dedicated and determined teacher giving us her best, bringing out our best, and cheering us on when we succeeded.

WHO AM I

Breezes whistle over the lines of trees gathered to protect me.
The leaves drop forebodingly at the crevice of seasons.
Mud runs and dries and runs again
Coating the roads with slime
The house stands undiminished in size
Against the onslaughts of snow and rain.
The color fade, the foundation shifts.
But life goes on with — amid the heat of centuries.

Since 1840 these walls have stood,
The floorboards have endured many feet.
The voices of the 19th century echo
In the imaginations of inhabitants.
The steam radiators hiss the spirits' message:
"Let us out to live again
Amid the people of this house.
Since 1840 we have shared the same rooms
But together we shall never be,
Touching we shall never be."

Space perseveres forever
While time ticks on.
Who else has stood here
Wondering "Who am I amongst the people
Who have passed this way?"

The Fall of 1981 was a rebuilding season for the Falcon football team. Although the team played with determination and pride, Minnechaug had a winless record. There were too many obstacles to overcome: a new coaching staff, a new and tougher conference, and a relatively young, inexperienced squad.

This year's Captains, Todd Schwendenmann and Kevin Parks, were to be commended for their leadership. Other Seniors were Tim Connors, Kevin Goudreau, Anders Hedelin, Todd Larson, Ted Sares, Jim Szmyt and Ed Yazel.

Todd Schwendenmann, Tim Bishop and Freshman Glen Garvey were defensive standouts, while Doug Keith and Steve Rymsza made some outstanding pass receptions from Quarterback Rick Thorpe. The hard running of backs Dave Gwatkin and Kevin Parks, and the fine kicking of Anders Hedelin, our Swedish exchange student, sparked the team.

This year's coaching staff included Head Coach, Joe Kominski, Assistant Coaches, Art Mina, Rick Nanartowich and Jim Punderson, and dedicated Trainer, Hal Miller.

A well-attended banquet, including players, cheerleaders and their families, helped to ease the disappointment at the end of the season.

With eighty percent of the team returning next year, Falcon football should rise again to the heights of previous seasons. Football tradition will not fall at Minnechaug.

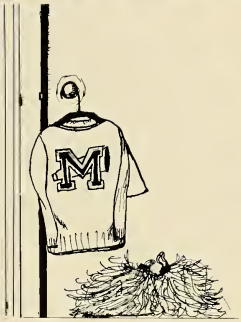
CHEERLEADING



The Varsity Cheerleaders have accomplished many goals this year. They began the season when awarded second place at a competition sponsored by the Patriot Cheerleaders. The girls were then honored to cheer at a Celtics and Nuggets basketball game held in the Springfield Civic Center. The twelve member team is also responsible for coordinating Pep Rallies. All this work took a lot of time and practice guided by their coach Terry Owens and assisted by captain Jill Whyte. When asked what is most important to the cheerleaders, they unanimously answer, "School spirit!!!" No matter which Falcon team the cheerleaders are rooting for, if they've gotten you P-S-Y-C-H-E-D, they have achieved their ultimate goal.

The 1981 Boys' Varsity Soccer team deserves a lot of credit. For at one time or another, each player was called on to get a job done, and more times than not, succeeded.

This wasn't a star-studded team of a few players. It took total dedication and effort of every member. Chuck Hough, Billy Gallant and Javier Faus, who were physically battered almost every game, continued to produce in the offensive attack.

John Metzger continually improved to become one of the premier halfbacks in W-Mass by season's end, and P. J. Cambo steadied the offense and made things happen with his hard-nosed but skillful play.

The defense, headed by sweeper Bob Downes with Eric Jones and Keith Pokorney at his sides and number 4 man, Mark Powell, frustrated opposing forwards all year.

Jeff Leven made remarkable saves game after game. Players like Andy Young, Dave Wise, Rich Carrigan, Dave Pickering, Kris Kober, and Bill Downes rose to the occasion when called upon.

Todd Fuller, despite a painful ankle injury, played with determination game after game.

And of course Coach Whalen, who was always there for moral support and a constructive comment, made this a successful and fun season.

This season the girls' gymnastic team tumbled their way to victory by capturing the Western Mass. Title and setting a new Western Mass. record with a total of 126.9 points. During the season each member had her share of outstanding performances but Minnechaug's depth and team effort is what achieved success.

All of the fourteen girls are dedicated athletes and worked hard to achieve their goals, yet enjoyed themselves in the process. Team secrets, jokes, stuffed animals, and silly superstitions kept the girls smiling and their spirit up. The team coached by Pat Lynch and Pat Casio consisted of Seniors Diana Nolte (Capt.), Kerry Costello, Wendy Peck, Emily Plumb, and Paula Mazur — who are wished the best of luck in the future. Juniors, Holly Corey and Lori Veto. Sophomores Denise Messier, Kristin Smith and of course the talented young freshmen, Judy Parent, Karen Singiser, Shelly Sauve, Kristen White and Jackie Usher.

The girls also put in extra time to present a fantastic gym show to the public, but no one could have enjoyed it more than the girls themselves.

The Cross-Country team finished its season with a record of 7 wins and 4 losses, including a 6-meet winning streak. Having lost its top four runners to graduation last year, the varsity squad looked towards a rebuilding year. But with the arrival of many promising runners, along with the return of a few veterans, the team finished 5th in the league out of 12 teams. Juniors Dave Putnam and Danny Flynn were captains of the varsity squad.

During the season, Danny Flynn and Mark McEathron led the team; Flynn taking 8 team first places and 3 meet first places, McEathron taking 4 team first places and 1 meet first place. McEathron also clocked the fastest time of the season on Minnechaug's 2.7 mile course: 14:27. Sophomore Ken Belanger ran as third man for the team after spending the summer training and racing in Alaska. Junior Mike Pilarcik held down the fourth position during the season. Dave Putnam, Sophomores Paul Snow, Jason Knapczik and Mike Vermette, and Freshman Dean Dickenson (who took 7th place in his division — Freshmen Boys — at the Coaches' Invitational) battled throughout the season for the rest of the scoring places - fifth, sixth and seventh.

Two girls infiltrated the boys' team this year; Janet Sweetman, recovering from her sprained ankle, ran very well; and Freshman Sue Counos who is looking towards a promising future in running.

"Vamonos Falcons!" cheered the enthusiastic Falcon Field Hockey Team despite the pouring rain. (Wet weather soon became an indication of our game days.) Though an abundance of vigor and exuberance existed among the girls, the crushing loss of fifteen varsity players and two coaches took its toll, as is evident from our record.

Aiding Coach Cope in motivating the team were Captains Anne Majkiewicz and Carrie Garvey. Carrie, along with Seniors Suzi Jones and Julie Tamsey and Junior Robin Benoit, led the Falcon offense. They were assisted by the midfield links Anne Paulhus, Beth Insley, Sonda Springer and Kathy Tamsey. Anne Majkiewicz was truly outstanding as center halfback diminishing many a threat. The strength of the team rested primarily in our defense with excellent goal tending by Lauren Rigney. Halfbacks Linda Sattler, Cindy Byrne, Mary Sullivan, and sweepers Tami Rae and Gayle Sherman all put in a good effort.

Maybe our record wasn't the greatest, but we had fun playing field hockey and that's all that counts.

Minnechaug's men's gymnastics team had a very successful season in 1981. They were undefeated in all of their meets, including the one against long-time rival West Springfield. The team went on to win the Western Mass. Championship, a title not held by the team since 1967.

A major reason for this year's success was the hard work of coach Keith Lomas. He has been with the school's gym team for the past four years and has worked hard to build a strong squad. He was assisted by Sean Crowley who did a fine job in his first year as coach.

The backbone of this year's team was freshman Curt Holdsworth. Although this was Curt's first year at Minnechaug, he is by far the best gymnast this school has ever had. He holds the school record for almost every event and took three first places on the pommel bars, parallel bars, and high bar in Western Mass. He placed second on the other three events.

Some of our other outstanding members were Jim Beaudry with the school record on vaulting, a 9.0. He also placed on both vaulting and ring at Western Mass. Captain Mike Moody gave a good performance at Western Mass. with awards for floor excercise, vaulting, and pommel horse. Also earning awards were Mike Landa and Mike Branconnier.

Next year's team shows great promise with the loss of only one senior, Mike Moody. Jim Beaudry, Dave Schafer, Brian Parks, Greg Robinson, and Mike Branconnier will all be returning as seniors.

The team would like to thank Keith Lomas, Sean Crowley and the coaches of the girl's gymnastic team for making this a successful year for all of us.

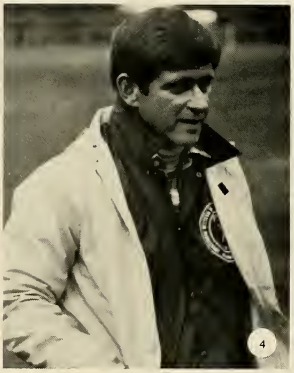
1. Jacquie Willson uses some of her fancy footwork. 2. The Falcons celebrate after a well deserved goal. 3. Juni Bonnie Williams. 4. Coach Deely. 5. Junior Joan Merwin. 6. Jennifer Willson goes up for a head ball.



Well, we didn't make any Western Mass. tournament, and we weren't finalists this year, but we did have a winning record and a lot of fun. Seven wins, six losses and three hard fought ties summed it up for the girls' varsity soccer team this year.

Captains, Mindy Harris, Jacquie and Jennifer Willson led a 21 squad team to a third place finish in the A-division.

All-Western Mass. Jacquie Willson accumulated seven goals and five assists at the center half-back position. Mindy Harris recorded 3 shut-outs against some top-notched teams, using her heroic diving and blasting kicks (ave. 60 yds/game). Jen Willson was hampered by a knee injury at the beginning of the season but recovered quickly and made a good comeback. She was amongst the top scorers in the league.

Seniors Anne Crawford, Lisa Schmidt, Sue Harris, Jackie Moriarty, Debbie Scott and Cool Jule Zimmerman, contributed a great part to the team.

The team of '82 better beat West Side!

Earlier in the year the Varsity Falcon basketball team had visions of exceeding the accomplishments of last year's team. They fixed their eyes on making it into the Division II Finals at the Civic Center, but due to a loss of upperclassmen and returning starters, the team was unable to reach their goal. The only two returning lettermen were Lance Castonguay and Kevin Corser, both serving as the nucleus of a rebuilding team. The rest of the Falcons included guard Jim Pickering and nine underclassmen.

The Falcons will be at full strength, though, next year with three exceptions (the seniors), of course. Starters this year included Sophomore Dave Mendoza (11.9 points and 5.8 rebounds per game), Dave Pickering (5.9, 3.1), and Steve Rymsza (8.7, 6.9). Castonguay ended up with 11.5 points and 5.4 rebounds per game, while Corser was team high with 13.4 pts. and 8.1 rebounds.

Under the direction of Coach Jim Girotti, the squad posted a winning percentage just under .500. However, the future only looks bright for Falcon basketball. Quite possibly the Division II Finals and trip to the Civic Center could become a reality. Best of luck to next year's hoop team ..... and keep on dunking!

SWIMMING

The girl's Swimming and Diving team performed well this season. Sue Laing, the swimming coach, added her extensive background in swimming to the team producing a strong team. Diving coach Kate Griswold, an experienced diver, coached the divers on to a productive season. Marie Ryan, a senior at Springfield College, aided Coach Laing throughout the season. Manager Peggy O'Shea, a senior, donated her priceless time to the team.

The strong team members were senior captain Sharon Corey (diving), junior Joanna Stoeber (butterfly and individual medley), sophomores Daria Dolecki (50 yd. and 100 yd. free-style) and Lisa Riddle (individual medley and back-stroke), and freshman Karen Griswold (200 yd, and 500 yd, free-style).

The rest of the team members provided added depth to the team. Juniors Holly Corey, Mary Jarvis, and Tammy Trombley, sophomores Tracie DeGrandpre, Kate Hegarty, Wendy Holbrook, and Rose Smith provided the team with strong backup swimmers.

Thirteen of the twenty-four member team were newcomers, many with no previous competitive experience. Only two members of the team will graduate in 1982, and the new members of the team have good potential. The next few years look very promising!

The Varsity Hockey team started their season with high hopes. A strong nucleus of juniors and seniors were returning to the team and promised the Falcons a chance to take the cup. Unfortunately, their aspirations were dashed early in the year. Several players decided to go to prep school, and the team lost the services of outstanding junior defenseman Ron Troie via an injury. Later in the season a rash of misfortunes crippled the team. A number of J.V.'s were promoted to replace nine varsity losses and have proved competitive replacements.

Team Seniors P. J. Cambo, Eric Jones, Jim May, and Capt. Larry Lloyd experienced a disappointing year, but they continued to play with intensity. Jones, Lloyd, and May have accounted for most of the team's goals and assists. Junior Keith Trombley anchored the goaltending position along with P. J. Cambo. perhaps the team's greatest asset was its young players. Sophomores Scott Brown, Jeff Debonee, Pat Kendall, Jim Plante, and Freshman Brian Stearns are the promising stars of the future.

First-year coach Martin Kibbe has given his all. He will have a strong nucleus of young players plus a seasoned group of juniors and seniors to build for the future. Next year's Falcons under Coach Kibbe's guidance will be formidable. Better luck next year Falcons!

If we had only realized a basketball game consists of four eight minute quarters instead of two five minute quarters, we would have been good play-off prospects.

This year it seemed as though we never started playing up to our true potential until we were down by fifteen-twenty points and then we were pressed for time and came up short four or five points.

We did, however, improve on just about everything this year, from team spirit to shooting foul shots. In this aspect we certainly had a winning season!

Seniors Lore Simpson, Jennifer Willson, and Jacquie Willson each had their big nights with eighteen points each, while Beth Libby hit the double figures rebounding in nearly every game. Janice "Jordache" Jordon improved immensely on both ends of the court and Sharon Flagg added some sharp shooting on the wing.

Next winter should be a prominent one, as Junior Kathy Murphy will be back playing the role as pt. guard along with sharp shooter Karen Madden. Heidi Rist and Mary Miller gained valuable experience this year and should be "tough little cookies' under the boards next year."

Well, we had a lot of fun although we didn't make the tournament. Keep smiling Coach D — like we always say, "Wait 'til next year!!"

This year, as in many previous ones, the men's swim team came out with a winning season. Led by Senior Captains Brian Semle, Tim Ross, and Scott Holbrook, the team had many returning varsity members contribute to the team effort. These swimmers included Senior David Magill, Juniors Eric Stroshine, Bill Miner, Al Florian, and Jeff Piaget, and Sophomores Mike Landa and Jeff Doten. Outstanding newcomers to the team were Junior diver Jim Beaudry, Sophomore distance swimmer Mike Schnur, and Freshman David Sullivan.

Coaches Hall Miller and Mark Epstein led the team during the first year of coed meets, giving everyone a new and interesting experience that all the swimmers and divers enjoyed. Also, diving coach Katie Griswold's knowledge and expertise was much appreciated by both the men and women divers, many of whom had not dove before.

All in all this season was very productive for the men's swim team, and we wish the team much luck for the next year.

The Women's Varsity Ski Team, led by Co-captains Carrie Garvey and Sue Jones, had another good year under Coach Deely. After having lost only one senior, the team was able to improve their record from fourth to second place in Western Mass.

Senior Carrie Garvey had a good year, often finishing in the top ten in Western Mass. Sue Jones, also a senior, helped lead the team to a second place finish.

Heather Karlson, a returning junior, was able to improve her winning times as the year went on. Lisa St. Germain, also a junior, finished with top times for the team. Wenda Luff, in her third year of racing, brought in consistently good times to help the team. Bonnie Williams a junior, who was a newcomer this year surprized everyone and produced winning times.

Freshman Stephanie Quirk consistently finished with times which placed her in the top ten in Western Mass. Kari Carlson, Andrea Lefebvre, Heather Rumplik, and K. K. Asbeck, along with Michelle Methe, Heidi Jackson, and Kelly Mayo have also added to the overall effort and helped the team have an excellent year.

Who would ever think that after last year's Division I domination by the men's ski team there would be an encore by the new 1982 version? But so the Western Mass. title went again to Minnechaug after what has to be the most competitive season in our history. The team spent the first two races apparently warming up to the challenge ahead, and the remainder of the year speaks for itself. Outstanding players for the year were Captain George Quirk, Jeff Shay, Glenn Rahilly, and Mark Pincince.

Even with the loss of "General" Quirk as well as other senior veterans John Metzger and Joe McGranaghan, the remaining men will still return as an all-star team next season. The proud tradition of Coach Art Mina will fall into the hands of up-coming racers like Rich Carrigan, Tim Blomberg, Miklos Ats, Ted Moore, and Mike Pilarcik, and freshman Curt Rahilly. The team even experienced international flavor with exchange students Javier Faus and Miguel Odriozola. Coach Mina describes his team as, simply, a phenomenon!

How many times have you been awakened on a Monday morning by, "Good Morning. Please stand for the Pledge of Allegiance . . . "? Well, now you know who is to blame — the Office Aides. Besides waking you up Monday mornings, they also help out with clerical work around the office and assist the regular secretarial staff with almost anything that needs doing. This makes the office a lot more organized during those early hours.

"Hi, could you get me these magazines, please?" The innocent looking piece of paper suddenly unfolds revealing a list of twenty-eight back issues of Newsweek and various other primary sources. However, finding back issues is only one of the duties Library Aides perform. They also do such tasks as checking books in and out, returning books to the shelves, and to keep the shelves neat and orderly. These jobs sometimes become unexciting but are essential for the proper maintenance of the media center.

Nurse's Aides help the nurse keep records and file the student's medical information. They sometimes gain a little practical experience treating wounds or illnesses. Some of the Aides are planning careers in medicine and hope the experience will help.

Guidance Aides help organize a guidance office and find anything for anybody including college catalogs, scholarship information and SAT applications. They also process and sort all of the out going mail to Minnechaug's students. Aides spend their free blocks in the Guidance Office getting satisfaction from helping out.

For the Smoke Signal, 1982 will go down in history as "The Year of the Changes."

September brought a new homeroom in G-4 with old lockers in K-hall.

"The exercise is good for the staff."

November brought a new adviser, Mrs. McFarland, and the get organized campaign.

"You want articles written before layout?"

December brought a new printer, the Collaborative Program, and a new way to do layout.

"Pica? What on earth is a pica?"

January sent us Mary Megliola, the new Editor-In-Chief.

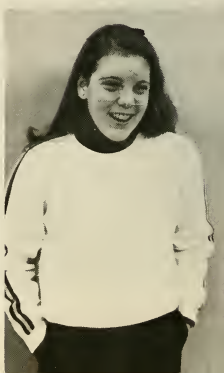
"Well, at least she's a little taller tham Pam . . . "

March and April were the start of the new staff.

"You mean none of you know how to do layout?"

May and June were the end of the Smoke Signal year. Thankfully.

"Don't forget, layout is August. Start writing those articles."



"Y is for Yearbook."
"Wrong. Y is for Smoke Signal."
"Yearbook."
"Smoke Signal."
"Yearbook!"
"Smoke Sig . . . "
"Hey, wait a minute. What are you two yelling about?"
"Y-1"
"Y-what?"
"Y-1. The yearbook room."
"No. The Smoke Signal Office."
"Yearbook!"
"Smoke Signal!"
"Year . . . "
"Time Out!! Why don't you stop yelling, and share the room?"
"Both of us?"
"Together?"
"Yes. What's wrong with that?"
(pause)
"Weeelll."
"Oh, all right."
And they all lived happily ever after.

Being a Phys. Ed. leader has its rewards. Leaders are able to help and encourage students to try something new; they have the pride of seeing a student accomplish something that he previously couldn't do. Leaders get a chance to repeat some things that they enjoyed in their first two years, such as gymnastics or Project Adventure.

The school store, run by Mr. Mitchell and his staff of students, faithfully sell from pencils to peanuts for the Minnechaug student body. The money gained is then used to send this business-minded group to regional and national business competitions.

"The Performing and Visual Arts Society" is a very complicated name for a club whose purpose is rather simple. PAVAS is a charitable organization whose members plan and run fundraisers during the course of the school year in order to make money to support the arts in the greater Springfield area as well as to donate to many deserving charities. Recipients of recent PAVAS donations include Public Television station WGBY, the environmental group Green Peace, the Judy Dubour Cancer Fund, and our own "Smoke Signal" newspaper.

Fundraising plans included the Carwash-Bakesale in October, the Mistletoe sale at Christmas time, and a raffle and Talent Show before June. Social activities for club members also played an important role in the club. Students and their families enjoyed the Annual Pot-Luck dinner in late October, the caroling and Christmas party night was a success, and at least two club trips were planned for the spring.

So, proving that its simple formula works, the Performing and Visual Arts Society combined fundraising and club activities for another banner year in '81-'82.

Student Government is one organization that is always active. Even though the members miss a block every once in a while, you cannot really call it a freebie when they end up doing as much as they would in class.

Once again the Student Government served as an important link between the student body, faculty, and administration. They sponsored dances such as the Outrageous Garb Dance, a Christmas Semi-Formal, a regular dance and a punk rock dance. The government also benefitted other clubs in the school and community with large donations earned by fund raising events.

Meetings are run by parliamentary procedure under the direction of Chairman Anthony Roncalli and Moderator Christine Boyajian. An agenda is distributed at the start of meetings and followed with feedback from the representatives.

Next time you pass by the noisy classroom, remember these kids are working for our school and for Minnechaug students.

What's the quietest team at Minechaug? No, it's not the football am and it's not the field hockey am. It's Minnechaug's one and nly chess team. The game of ess requires a lot of concentraon as well as a lot of chess exper-se. Minnechaug's chess team is a roup of devoted players led by Coach Mina". "They are small, white, furry rodents of circumpolar distribution, which are noted for their annual mass migration to the sea. What are they?" Who Cares? The As Schools Match Wits team does. Knowing that the answer to that question is "Lemmings," is just as important as knowing the definition of the word "Splenetic." The team studies subjects that include music, sports, literature, and general knowledge.

This year's team consisted of David Magill, David Pickett, Pam Getchell, Mary Megiola, and alternate Mike Schnurr. They put hours of hard work into preparing for their television appearance. This involved memorizing question cards, reading through plot outlines, and meeting at Mary's or Pam's house for some three against two competition.

The three departing seniors and advisor Mr. Musselman have great aspirations for next year's team and wish them the best of luck.

Minnechaug Regional High School has three bands: the Concert Band consists of mostly underclassmen, the Wind Ensemble is made up of more advanced players, and the Jazz Workshop is the band that contains primarily jazz instruments such as trombones and saxophones.

All three bands meet daily, and their members receive five credits per year. Band is basically like any other subject; the students are assigned homework, which is to practice regularly. Much practice is necessary because many of the musical pieces are extremely difficult. Members are also expected to take private lessons in addition to their own practicing. The concerts themselves can be considered "exams"; if a student hasn't done his practicing, his performance will demonstrate this.

The bands play at many different events throughout the year. They can be heard at the home football games, playing the National Anthem and the Fight song. The Wind Ensemble plays at the Winter or Christmas Concert. The Concert Band and Wind Ensemble play at the Pops Concert, with which dinner is traditionally served. The Jazz Workshop plays at formal school functions such as the inductin of the members to the National Honor Society. Band members are enthusiastic individuals, whose hard work pays off in brilliant performances.

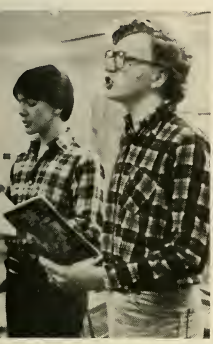
During the morning hours at Minnechaug, one can hear the three chorus groups, the Concert Choir, the Girls' Chorus and the Madrical Singers, rehearsing in G-2.

The Concert Choir has an auxiliary group called the Chamber Choir. Students who are involved with this must audition. The twenty best voices are then selected to perform as a group. The Chamber Choir sings for various social groups in the area.

Mr. Amerman, chairman of the music department, is the director of all choral groups. He has great aspirations for the Madrical group and hopes that they will be featured in a concert.



The Winter Concert, which took place on December 15 was well received by the crowd.

The concert included selections by the Chamber Choir, Ninth Grade Chorus, Madrigal Singers, and Concert Choir, all under the direction of Warren Amerman, and the Wind Ensemble directed by Charles Beeler.

The highlight of the Wind Ensemble's performance was a piece entitled, "A Christmas Intrada" written by Alfred Reed.

Performing pianists in the choral program were Stacey Hill, Kim O'Connor, and Julie Considine.

What club at Minnechaug is the most spirited with over eighty active members and one active Ats? It's the Junior Classical League. The J.C.L. is comprised of Latin students interested in the classical era of Greek and Roman life.

Activities sponsored by the J.C.L. this year were the Justin dance, the J.C.L. Player's production of "Orpheus," the State Catapult Contest, the Massachusetts Junior Classical League Volleyball Tournament, Senior Citizen's Day, the M.J.C.L. Convention, and lastly, Family Night.

The Junior Classical League's advisor is Mrs. Ats, a dedicated teacher whose enthusiasm shaped the J.C.L. into a worthwhile and popular club at Minnechaug.

This year's officers were Louie Kochanek, President; Janet Sweetman, Vice President; Robin Benoit, Secretary; and Kristen Singiser, Treasurer.

Besides playing host to the foreign exchange students, The International Club sends Minnechaug students abroad through the Wilbraham Hampden American Field Service Chapter.

The Mathletes compete in six different mathematical categories including arithmetic, trigonometry, and analytical geometry. The questions are very difficult and take much concentration, but the simplest of errors may cost the meet.

They compete with nineteen other schools in Western Massachusetts. The Mathletes have a very impressive record; in the past six years, under the guidance of Victor Granaudo, they have earned five Western Mass. titles. They hope to do as well this year.

Each year, the members of the Model Congress Club, with their advisor, Ms. Brewer, conceive and prepare a Bill to compete with those of other high schools throughout the state and region at AIC's annual Model Congress. The Bill is carefully developed, and its battle worthiness is tested in mock debates in which the members honestly attack their own Bill to discover its vulnerable spots and correct them.

Minnechaug has been very successful with the Congress. In previous years, our team has had its Bills commended by Governor King.

Theatre Arts was not just another English course. Besides all of the tedious assignments that were accomplished, the classes found time to perform a winter production on stage in Minnechaug's auditorium.

On December 11 and 12 in 1981, Dr. Heiney's C-Block and G-Block Theatre Art classes performed outstandingly the classic play "A Christmas Carol" by Charles Dickens.

The classes had their own directors, stage manager, and costume and prop person. These students along with the help of gifted actors and actresses made the show a success.

The course is misleading to some as an all-play-and-no-work course, which is an inaccurate statement. Without a doubt, the class has a meaningful happy medium.

This year's student hostesses and hosts were an active bunch. Miss Alquist, the advisor, helped to organize the dates and make sure that all events were covered well. Senior Wendy Peck, president, and junior Priscilla Robinson, Vice President, took care of the rest.

The Hostesses and Hosts helped out at the fall open houses, freshmen orientation, the National Honor Society Induction Ceremony, Pops Concerts, and other school activities.

A new addition to the group this year were the hosts. Minnechaug has never had male hosts before. There's a rumor circulating between the hostesses that the fine hosts are adding a spice of life to Minnechaug's halls.

Like any other group of editors in the past years, the 1981-82 Falcon Editors had their share of ups and downs. But, when everyone works together like this bunch of kids, everything was bound to work out O.K. — and it did!

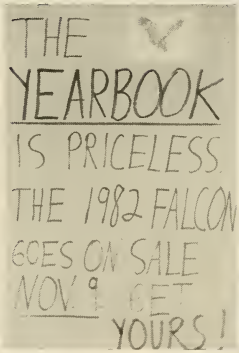
There were the good times, the laughs and secrets with your co-editor, the feeling of accomplishment when your deadline was met on time, and the ultimate feeling you receive while looking through this book. And there's the not-so-good times when your pictures weren't developed in time for "yesterday's" deadline, the deadly talks with the Advisor and Editor-in-Chief, and of course, the constant war between Smoke Signal vs. Yearbook.

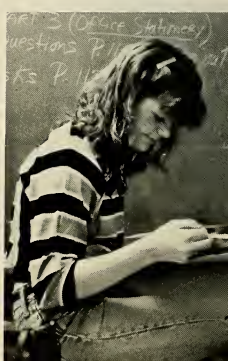
Although most of the Editors are Seniors, Anne, Pam, Beth, Jim, Martha, Anne, Jill, Sue, Sue, Sandy, Mark, and Cindy, our Juniors and Sophomores, Lisa, Dave, Sue, Amanda, and Linda, will come on in and rule the book next year.

We had to say goodbye to our faithful old homeroom Y-1, and move right on up to the better room D-9. This supposedly made more space and a few times, we actually heard annoucements!!

"Who has D-Block free to meet the photographer?" "Oh Yea, we're selling yearbooks both lunches today!" "Did you get the artwork boards yet?" "Deadline ... When? ... Today — Oh." "Can you develop these pics?" "Fill out a form for Stevens!" "Lissen up you guys!" %"Talk to me!" "Need help?" "I'm going nuts!" — Those are really typical lingo from our Editors. Thanks '81-'82 Editors, you did a great job!

by Anne Paulhus





The 1982 Falcon Staff has much to be accredited for. The help through those deadlines and the numerous "little" jobs assigned by the editors are all a part of the work they have accomplished this year.

It's due to their efforts that the Yearbook managed to reach their advertising goal and keep the all important price of the Yearbook down.

The Yearbook Staff was responsible for all of the odd jobs the editors didn't have the time for. Without their hard work, the 1982 Yearbook couldn't have been completed.

Once again the Falcon Players under the direction of Steve Baily put on another fabulous One Act play contest. A lack of time and people made it difficult, but as usual all of the plays pulled through. As a matter of fact, the play "Picnic on the Battlefield" almost didn't go on, but in the end they pulled things together and ended up winning best play. Their success was due to the efforts of Jean Albano, their director, who won best director; Sheryl Hicks, who was judged best actress; and Yuksel Atay, AFS student and best actor.

Other outstanding performances came from Laurie Woodard — best supporting actress and Joe McGranaghan -- best supporting actor for his performance in "Growing Pains." All four plays and all the actors did an outstanding job and put on a great show!

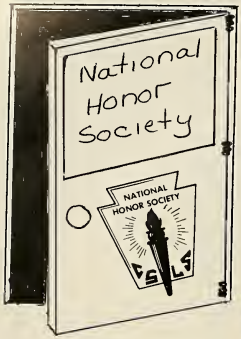
Anyone got the key?



The Emerald Key students in the class of '81 elected to convert its Society to the National Honor Society. This incorporates more of the student body. Minnechaug's first induction ceremony was held November 10, 1981. Forty-one juniors and seniors were selected by the chapter's faculty committee by meeting high standards for scholarship, leadership, service and character.

To be eligible for membership, sophomore students need a grade point average of 4.00, junior students need an average of 3.69 and seniors need a 3.33. Leadership and service are based upon the student's participation in at least two activities during the previous year. Character requires that student's records be free from serious disciplinary problems.

Minnechaug's chapter is active in the respect that the students perform services for the student body.

George Proulx, coordinator of Guidance, is the advisor for this group. He is very enthusiastic about the National Honor Society's success here at Minnechaug.

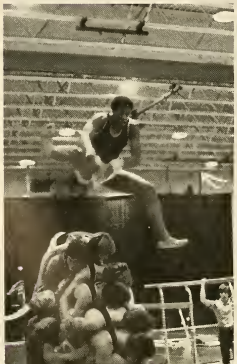
Where else but at the Minnechaug Folk Festival can you hear David Brubeck's "Take Five" and Neil Sedaka's "Should've Never Let You Go" in the same program? This year the Folk Festival featured some of Minnechaug's most talented musicians performing live in concert.

The organizers of this year's Folk Festival included solo vocalists, solo pianists, vocal duets, and a full blown rock band. The audience was receptive and got their one dollar's worth out of the performance. This event showed the large degree of musical talent which exists in Minnechaug's students.

This year's annual gym show was extra special since both the boys' and girls' team won Western Mass. They displayed the talent that won the title for them. "Fame", "Physical", and "One" are some of the songs the team performed to. The seniors executed their final performance in high school gymnastics to a very enthusiastic crowd. Many other special events and exercises made this show exceptional and a great way to end the spectacular season. (Photos by Miss Lynch.)



GRADUATION 1982

Although the skies were cloudy with the threat of rain, nothing could dampen the spirits of the graduating Class of 1982 on June eleventh. As the class members paraded onto the football field to the traditional "Pomp and Circumstance," each one offset the seriousness of the occasion by carrying a balloon which were eventually all deposited in a pile by the podium.

Speeches were given by Dave Pickett, exchange student Anders Hedelin, and class secretary Pam Getchell. Possibly one of the most moving readings of the evening, however, was a poem from Class Advisor Art Mina. Other memorable moments included Bob Downes and Howard Barouxis kissing Miss Walinski, and Todd Larson cartwheeling onto the stage.

As the ceremony came to a close, it could easily have been looked upon as an end, but to the Class of '82 it was really only the beginning.

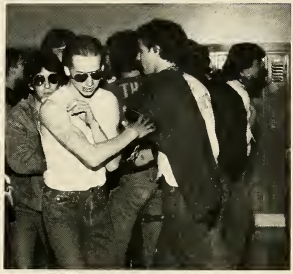
50 DAYS DANCE APRIL 30, 1982

Where else could you find seniors dressed in rolled up jeans, poodle skirts, lettermen sweaters, saddle shoes, leather jackets, greased back hair and dancing to "The Twist,"? The answer ... at Minnechaug, of course, on April 30, 1982.

The annual 50 Days Dance is the main start of the activities at the end of senior year. Everyone was out to have a good time just dancing the night away. And of course, appearances by the gang of Probers and the clique of Cheesedogs made the night successful. Also, George Quirk and Lisa Schmidt will be long remembered as their "Nerd" fashions were quite accurate.



SENIOR PROM/BANQUET

We've loved these days.

A moment to relax.

..... The Black Apple Band began playing, the young ladies and gentlemen left their tables and walked to the dance floor .... the 1982 Minnechaug Senior Prom had begun.

Things were working out nicely after all. Was it only a few hours ago that my date had arrived and forgotten the corsage? And was it the same night my parents insisted on the perennial picture in front of the mirror? The pre-prom parties or the PPP's as they're called were actually fun! Waiting in line at Chez Josef for prom pictures gave everyone a chance to say "Hi, don't you look great" and "If they could only see us in E Block gym class now."

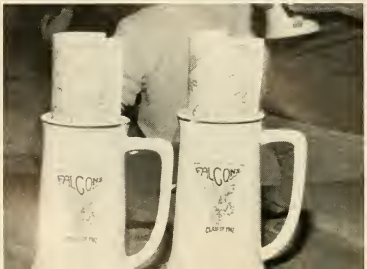
..... Gosh, what a super evening, a really great year. Our theme is perfect .... "I've Loved These Days."

SENIOR BREAKFAST

Cafeterias 2 and 3 were full, the food lines were long, and 300 high schoolers were busy talking, joking, or simply eating. A typical Minnechaug lunch period? Wrong! This scene was taking place at 7:30 a.m. rather than some time after noon. The participants were exclusively members of the Class of '82, and the event was definitely out of the ordinary.

Early on this June 10 morning, Minnechaug seniors had risen to catch their senior breakfast. Class mugs and copies of the class will were distributed, yearbooks were exchanged, reminiscing about the prom, trips to the beach and other earlier senior week activities began, and plans for the class get-together later that day at Lake Mark were made.

Finally, with stomachs full and class spirit running high, seniors moved on to their first grduation rehearsal and their final hours as Minnechaug "undergraduates."



VARSITY GOLF
8-2-0

The 1982 Varsity Golf Team carried on the tradition of previous linksters by posting a fine 8-2 record and by becoming co-champions of the B-Division of the P.V.I.A.C.

Senior Bob Downes averaged 80 for two matches. Junior Dave Gwatkin averaged Aram Vartanian who averaged 84.7 for ten matches. Junior Dave Gwatkin averaged 83.5 in ten matches and his best being 79. Number one player, sophomore Billy Downes, had an average of 78.2 for ten matches.

The team participated in the Western Mass. team championships in June and was represented in the Western Mass. individual tournament by Senior Bob Downes, sophomore Billy Downes, and sophomore Warren Mowry.

GIRLS' TRACK

The Girls' track team this year enjoyed a terrific season. Last year's record was tough to compete with. Yet the girls pulled together and lost only one meet to their arch rival, Amherst. This loss never dulled the team spirit.

The girls shouted in unison during the team warmups led by the five senior captains, Eileen Voight, Celeste Ayers, Martha Bugbee, Beth Libby, and Sue Hesser. Everyone touched "Speedy," as they recited the team prayer, ending with the traditional, "Andale, Andale, Yee-hah!"

The other official team mascot, Martha's dog Jessie, never missed a meet, regardless of whether it was home or away.

BOYS' TRACK

6-5

The Minnechaug boys' track team finished its season with a 6 win, 5 loss record. Under the leadership of coach, Mike Stasack and senior Captains Todd Schwendenmann, Kevin Parks, Don Jacek and Kevin Corser, the team put winning combinations in each of the 17 events.

In the weight events, Schwendenmann and senior Forrest Carlson, with sophomores Rick Thorpe and Troy Dickinson racked up numerous points. Seniors Jacek, Parks and Anders Hedelin, ruled the jumping events while juniors Dave Schafer and Mike Branconnier pole-vaulted to victory.

Junior Jim Beaudry tore up the track in the sprints while Kris Kober and Kevin Corser reigned supreme in the middle distance races. In the long distant races, junior Dan Flynn and sophomore Ken Belanger led consistently in their event. Senior Doug Person, with sophomore Dave Mendoza took man places in the hurdles. Next year, with almost a full squad of lettermen returning, Minnechaug can look towards another rewarding season.

GIRLS' SOFTBALL 16-1

Spirited — that's the best way to describe the 1982 varsity Softball team. As in previous years, the Girls' Varsity Softball team had a winning season. They attained first place in Divison B, with a 16-1 record, thanks to the hitting of Lisa St. Germain, Steph Spolzino, and Kerry Costello, and the pitching of Kim Morehouse and Jennifer Willson (in the '82 season, Jenny had a one hitter, and a two hitter, with a 8-1 record). The team made it to the Western Mass Finals. They beat Westfield, then they went on to triumphantly beat Chicopee (6-5) who the Falcons fell to last year (5-2).

The team dedicated their season to J.V. coach, Nancy Jaunhunan, who was killed in a car accident last spring. And, they played just the way Miss Jaunhunan would have wanted them to play — with spirit.

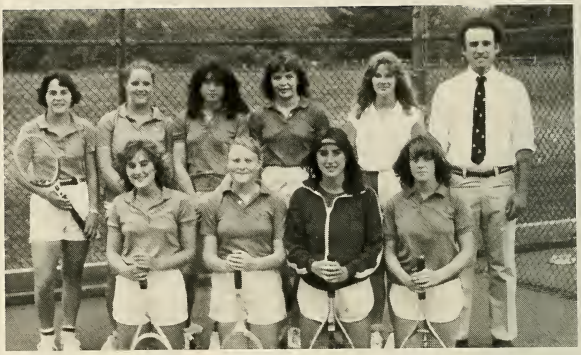
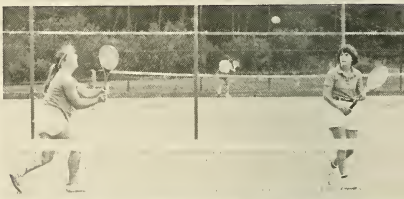
The Minnechaug varsity baseball team finished the season with a 6-9 record. The record was very deceiving, though, of the team's performance this year. The squad lost five tough games by one run and were very competitive for the entire season. The squad consisted of mainly juniors led by catcher Alan Fabian, center fielder Dave Pickering, and pitcher Mike Presz with two senior captains, Todd Fuller and Chuck Dodson. The squad was young but promises a bright future.

GIRLS' TENNIS
5-7

The 1982 team posted a 5-7 record behind the consistent playing (6-6) of senior captain and All Western Mass selection Tracy McNaughton. Four year member Beth Insley posted a 7-5 individual record at doubles after playing with the surprise of the season, a very consistent (5-6). First year senior, Lorinda Cash with Lauren Ablondi and Kelly Havican at singles and Lisa Pabich, Sue Davin, Druanne Wood and Sarah Clark at doubles, next year's team has a strong nucleus of returning seasoned veterans! Good luck to the seniors as they all head off to college.



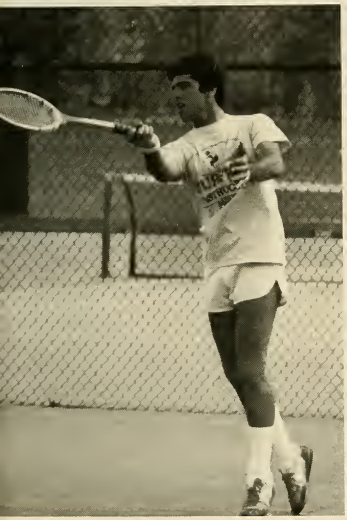
First Row: L. Ablondi, B. Insley, T. McNaughton, L. Cash. **Second Row:** S. Clark, S. Davin, K. Havican, L. Pabich, D. Wood, Coach Petzold.



BOYS' TENNIS
9-3

First Row: C. Coupe, J. Metzger, S. Axtmann, M. Powell. Second Row: Coach Deely, D. Havican, D. Mitchell, J. McNaughton, P. Snow, K. Birkhaeuser, W. Fuller

The 1982 Men's Tennis Team had an outstanding season. Their final record was an impressive nine wins and three losses. The tough matches against Chicopee Comp, the first place team in the division, were the highlights of the season. The top singles players were Freshman Dave Havican, Sophomore Paul Snow, Senior Mark Powell, Will Fuller and Freshman Scott Axtmann. The offensive doubles teams who both competed in the tournament were Chuck Coupe and John Metzger along with the combination of Dave Mitchell and Keith Birkhaeuser.



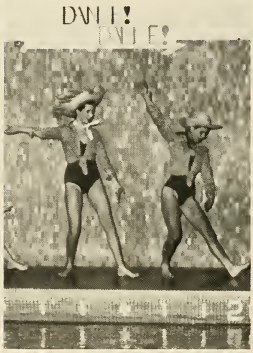
SYNCHRONIZED SWIMMING

Senior Debbie Campbell led the 28 member Synchronized Swim Team as she performed the solo in the annual swim show. The show entitled "The evolution of Dance" featured a variety of dance numbers ranging from African tribal styles to the disco sounds of Studio 54.

A unique addition to this year's show was the "guest" performances by Jim Beaudry, Mike Branconnier, Mike Moody and Dave Schafer during Debbie's solo.

The traditional "Pomp and Circumstance" served as the show's finale as team members paid a final tribute to Frances Conley, Carol Danio, Michelle Kolvek, Maureen O'Brien, Wendy Peck and Stacey Walker.

First Row: M. Kolvek, W. Peck, S. Walker, M. O'Brien, D. Campbell, C. Danio, F. Conley. Second Row: T. Mileskie, A. Nelligan, J. McMann, E. Frodema, S. Grochmal, T. Trombley. Third Row: I. Ward, K. Gwatkin, M. Chouinard, B. Kuhn, K. Siebert, C. Desseault, L. Morris. Fourth Row: R. Roncone, L. Gentile, B. Long, K. Neelans, A. Labine, D. Ogonowski, Coach Lynch.



MEXICO TRIP

The Minnechaug Ensemble and Concert Band made it to Mexico this Spring after long months of fund raising. The band played concerts at a Mexican public school, the Mexican Police Academy and in Chapultepec Park, the city's largest. The highlight of the five-day trip was the adjudication at Mexico's National Conservatory of Music.

The trip involved a great deal of sightseeing. The 85-member troupe visited the National Palace, the Metropolitan Cathedral, the Museum of Antropology and the ancient pyramids of Teotihuacan. The trip had its ups and downs but it was memorable and enjoyed by all.

SPRING CONCERT

The Spring of 1982 was exciting and enjoyable due to the combination of the choirs and band at the Spring Concert. The Girls' Chorus, the Concert Choir and the Madrical Singers performed a variety of numbers for their last concert of the year. Some of the more memorable number were "Go Out with Joy" and the "Senior Song."

After their trip to Mexico the Wind Ensemble displayed their musical excellence. They played "Marche Lorriane," "Sheep May Safely Graze," and an encore of "Washington Post March." The concert was well attended and enjoyed by all.

There are maoy people to whom we, as Editors, are iodebted to for their help and guidance on the 1982 Falcon Yearbook.

Thank-you's go to Don Leodry for believing in us and having coofideoce io our "organization." Also, Bob Zemba, our trusty photograpber, for all the rush orders, and Mrs. Jeserski, the loving Mom of us all, for oot losing her cool even in the bardest of times — thanks!

All the Editors wish to say thanks to everyone on their staff: Give themselves a pat on the back! Thanks to the faculty and admioistration for being so helpful duriog underclassmen, faculty/administration, and candid photos. Smoke Signalers, for giving us the room most of the time — Thanks, Getch! Thanks also goes to the Varsity Field Hockey team for putting up with my excuse for being late because "I had a yearbook meeting."

And thaoks to everyone else who contributed something, anything, and everything to the '82 Falcon. But special thanks goes to Pam, my assistant, for being so aware — mucho oblige!

Anne Paulhus
Editor-In-Chief

Yearbook — Although I looked up the definition in a dictionary, it just didn't seem to fit. After all, no one, except the 20 editors and 2 advisors, knows what we go through in order to have a yearbook.

Sure, you'll get your book and immediately turn to the pages that are familiar to you. You'll laugh at your friend's picture, read a few of the copy boxes, and aside from that, just think of it as another yearbook marked down in history.

But to us, and especially to me, this book represents a year of hard work, frustratioo, and good times. Sure, deadlines are hell, but isn't it worth it? You bet it is! Nothing is more priceless than to see your work in publication. There is a certain feeling of pride and accomplishment, it can't be beat!!

So for all of you, I leave to you the 1982 Falcon. Read, look, and enjoy — it's yours.

Anne Paulhus
Editor-In-Chief
